

MIPRO MTM-90 Wireless Interlinking Application for MA-708 & MA-808 Portables

MRM-70 16-Channel UHF Diversity Receiver Module
MTM-90 16-Channel UHF Interlinking Transmitter
(6A, 7A, 8A are MIPRO frequency bands)

*Add the MTM-90 Wireless Interlinking Transmitter to wirelessly connect multiple MIPRO MA-708 or MA-808 wireless PA systems. Ideal for parade routes, farmers markets, athletic events or any venue requiring extended transmission range and expanded coverage without the mess of bulky speaker cables.
